Summary

I am willing to work with a reputed organization where I can use my skills to meet the goals of the organization and at the same time enhance my knowledge. I have the ability to create innovative and interactive web designs to boost user engagement. Also to build reusable code for future use.

WORK EXPERIENCE

Synclusive Innovation, Noida, UP

(Nov 2019 to Jan 2021)

- Worked on website coding with programming languages such as PHP, JavaScript.
- Maintained existing code and functionality once it is assimilated into the ongoing operations of the Web business.
- For front end development, I worked on HTML, CSS and JavaScript.
- Organized various tournaments on gaming app.
- Performed other related duties as assigned.
